

Waxing Moon (The Bariwon Chronicles: Book Two)

A faraway kingdom. A brave warrior. An unexpected danger. An ancient secret. A desperate plan. Fear is running rampant in Bariwon. The people of a small village near the northern mountains have vanished. Newly commissioned royal guardian Snapdragon is sent with a scouting party to investigate. His responsibility is to protect the non-soldiers, including Seraphina, a stunning young nursemaid. When the party arrives, they make a shocking discovery. During the chaos that follows, Snapdragon discovers his feelings toward Seraphina are more than protective. Soon, he is forced to make difficult choices that will impact the future of everyone in Bariwon.
