

The Eagles Journal: The Stealthy Bird of Prey

The Eagles Journal is a techno-thriller about a retired intelligence agent, now known as the Eagle. This former agent of the NSA uses his special skills to provide services that are needed by his unique clients. The reader is taken directly into the intriguing and shadowy world of the spook, and the Eagles unique actions employed to serve his clients needs. Two very trusted and close friends provide special assistance when needed. These close friends and associates of the Eagles are a former major in the British SAS along with the Minister of Defense of the United Arab Emirates. Shortly after the September 11, 2001, terrorist air attacks, the Eagle has been contracted to remove an impediment to drilling for domestic energy sources in the United States. After successfully completing this task he is asked to engage and eliminate a Russian Mafia organization operating in Belgium. This criminal organization has attempted to gain control of a South African diamond and gold mining company.
