

A CIRCLE OF DILEMMA: The Dramatic Adventures of a Futuristic Scientist

About The Book A Circle of Dilemma is a humorous Science Fiction. It is based on the ambitions of a scientist of the future who uses his knowledge of the emerging science - nanotechnology - to go over and above in the engagement of his students. A Circle of Dilemma, as the title suggests, is a continuing adventure series that is as thrilling as it is exciting. Once you get on the bandwagon, it is hard to get off as the thrills and laughs keep on coming. The lead character is a learned professor of science experienced in innovative and cutting edge procedures. The setting of the science fiction is a college campus and students are main characters in the story. This title is as educative, engaging and full of lively humor and entertainment. This is a non-fiction which is recommended for all ages especially for students and lovers of science and anybody with a vivid imagination. A Circle of Dilemma is the story of an aging scientists obsession about environmental concerns and issues, especially pollution, climatic changes and clean- up of the atmospheric gasses.

His obsession with emerging technologies, alternative energies and technological products drove him to attempt radical moves designed to dive into scientific discoveries that rightly belong to a future era. In his zeal to leave his indelible mark on the sands of time, put an end to speculations, and come up with innovative ground -breaking research of the future, he sets off a circle of a dilemma. Predictably, this dilemma might continue to make its mark well into times beyond his life and time. What really happened? What worked for this imaginative scientist and how did he step into the future he desired so much to shape? Find out in this fascinating and thrilling science fiction.
