

Pain and Pleasure: Adventures In Sado-Eroticism

The political elite in a small town use blackmail in their thrust for power, and devise wildly painful games and punishment costumes to sate their need for sado-sexuality. The story of those who use and abuse power; and the fictional investigation of the relationship between love of power and sexual sadism. XXX-rated explicit sexual situations; whipping, leather, bondage, rough sex, role-playing, girl-girl, spanking, anal, EXCERPT: Leaving Dawn sprawled awkwardly on the floor, unable to use her arms to push herself up, the two men laughed and poured themselves double shots. Nadia meanwhile slipped out of her business clothes, and put on a leather bikini top and panties, similar to the ones Ella had worn, except they were a size smaller, and fitted intimately wherever they touched. The breasts were cut out as were the areas around the two bottom orifices. She stepped into a pair of high heeled pumps and rejoined the men. In her hand she carried a cruel little dog whip, with a leather handle, and two little fingers about six inches long, fashioned from hard, biting leather. Lets have a drink to the new mayor, toasted Nadia, holding up her glass of sherry. Whoever he is, said Jim, lets drink to him.
