

A little tea, a little chat

Living on the seamier side of New York in 1941, Robert Grant is a middle-aged man to whom life is a game in which he makes his own rules. This is no more evident than in the pursuit of his only hobby: the search for, seduction and betrayal of women. His targets are always easy, the cheaper the better. He is constantly on the lookout for a new face, a new phone number, a little tea, a little chat. While Grant gets a certain thrill from his intrigues, he receives little pleasure - and gives none, until he meets Barbara, the blondine, a large, goodlooking but sluttish woman of thirty-two. In Barbara, he meets his match. First published in 1948, *A Little Tea, A Little Chat* provides an irresistible, sardonic commentary on men and women on the make whose sexual appetites wickedly mirror the materialism of twentieth-century America.
