

Jurisprudence Of Freemasonry: The Written And Unwritten Laws Of Freemasonry

D R. ALBERT G. MACKEY wrote the original and pioneering version of this monumental and authoritative book on Masonic jurisprudence many years ago. Subsequently he personally rewrote it and still later he again thoroughly revamped it. Since his death his pronouncements have been verified and approved by various Masonic scholars and jurists; the last revision having been made for us by the late Robert I. Clegg. He left the original Mackey text virtually intact making all changes and comments by means of copious footnotes at the bottom of the several pages. These notes are chiefly recent decisions of Grand Masters and enactments of Grand Lodges. They serve to clarify the book and bring it down to date and are a very important contribution and an invaluable addition to the book. Since Dr. Mackey wrote various other reliable and distinguished Masonic writers have endeavored to cover the same subject and with a certain degree of success but none of them give a clearer, simpler, or more understandable treatment of this very important, but rather abstruse, subject than he did. It is widely and generally quoted as the final authority on Masonic Jurisprudence by Grand Masters and Grand Lodges and is often referred to in court proceedings and decisions. Its ownership is a must-an absolute essential for any Master who wishes to govern his Lodge in accordance with the accepted principles of Masonic law and usage; familiarity with it is invaluable for Lodge Officers in preparing themselves to assume the duties of Mastership. This edition is offered to the Craft in full confidence that it is the most complete, reliable and up-to-date treatment of this very important subject. Louis B.
