

Afloat and Ashore (annotated)

The writer has published so much truth which the world has insisted was fiction, and so much fiction which has been received as truth, that, in the present instance, he is resolved to say nothing on the subject. Each of his readers is at liberty to believe just as much, or as little, of the matter here laid before him, or her, as may suit his, or her notions, prejudices, knowledge of the world, or ignorance.
