

Also Known as Sleepy Cat Peak (AKA Investigations Series) (Volume 5)

Jobeth and Phoebe go back to basics in more ways than one. With the Ascension House up and running, and Jobeth busier than ever with her Investigations, Phoebe thinks its time that she and Jobeth have a vacation. Especially since they have lost track of their intimate time together. She suggests a unique mountain getaway called Sleepy Cat Peak Lofty Cabins--a retreat for the gay community where the cabins are treehouses. While Jobeth tries to resist the urge to investigate the interesting goings-on in the winter oasis, she also has to deal with some sobering questions about her relationship with Phoebe; and although Phoebe made Jobeth promise to leave her gun and her investigative obsession at home, she cant help but get involved in the life and drama of the old lesbian couple who run the place. But neither Jobeth nor Phoebe expected their getaway to turn into something so pivotal to their relationship, nor to have to explore preconceived notions so profoundly. Can Jobeth get past her own boundaries? Or will she lose Phoebe forever?
