

Al-thar (N/A Book 2)

Dr. Brent Holcomb is about to discover that humiliating the worlds deadliest terror group does not come without consequences. Life isnt easy after preventing what would have been the most disastrous terror attack in history. Secreted away in a remote Philippine village, he is blissfully unaware of how close his enemies are to getting their terrible revenge. That respite comes to a violent end when his new home is destroyed in a murderous rampage-more lost lives to be placed on his conscience. As Brent realizes that he can no longer run away from his past, he sets out on his own path for al-thar (revenge). Can Brent top himself and bring the mastermind Saadullah Abul Ka-bir to and end, along with his council of terrorists? Join Dr. Holcomb and his memorable cast of friends as they try to pull off the most improbable con ever conceived, and to do it as the clock races toward the final destruction of America. Sean Dow delivers a timely sequel packed with even more action and intrigue than in A Leafy Green World, where he introduced Dr. Holcomb.
