

## The Manikin: A Novel

The Manikin is not a mannequin, but the curious estate of Henry Craxton, Sr. in a rural western New York State. Dubbed the Henry Ford of Natural History, by 1917 Craxton has become Americas preeminent taxidermist. Into this magic box of a world-filled with eerily inanimate gibbons and bats, owls and peacocks, quetzals and crocodiles-wanders young Peg Griswood, daughter of Craxtons newest housekeeper. Part coming-of-age story, part gothic mystery, and part exploration of the intimate embrace between art and life, Joanna Scotts The Manikin is compulsively readable and beautifully written.
