

Between Death and Heaven (Child of Destiny Book 1)

What happens after we die? A vindictive ex-girlfriend (maybe, who knows?) is responsible for the death of happy lovers; Phil and Lillian. One minute they're celebrating the possibility of a long life together, the next they're contemplating eternity in the hospital where they die. Shenanigans ensue as they try to fit in with post-death society. What are the norms, who makes the rules and who can they ask about being taken to the leader. Can they still love each other and remain lovers in this brave new non-world? These are just some of the questions that Phil and Lillian are confronted with. Oh if only they'd appreciated contemplating their navels more when they were alive! Now there's no choice, danger approaches and they must be in with the right people before it comes...or else.
