

Billionaire Buddha

From fabulous wealth to unlimited blessings, the price of enlightenment may bankrupt billionaire Dave Grant. Emotionally destitute in the prime of his career, he searches for love and collides with Joan Hathaway. The encounter rattles his soul and unravels his world. Capitalism, property, wealth, mansions: his notions of success crumble into dust. From toasting champagne on top of the world to swigging whiskey with bums in the gutter, Dave Grants journey is an unforgettable ride that leaves you cheering! Reviews: Rivera Sun has written a work of inspirational and transformational fiction! Instead of a rags to riches story Billionaire Buddha is a riches to renewal journey reminding us that great wealth doesnt buy happiness and is also a barrier to deeper meaning, human connection, and personal liberation. An enjoyable read for ones heart and soul. --Chuck Collins, senior scholar, Institute for Policy Studies, co-founder, Wealth for the Common Good & Patriotic Millionaires; co-author with Bill Gates Sr. of Wealth and Our Commonwealth: Why America Should Tax Inherited Fortunes ...inspiring a skeptic is no easy task and Rivera Sun manages to do so, as much because of her writing talent as because of her message. To be able to phrase the urges we each have to break through the confines of the selves we have constructed and so thoroughly defended over the course of our lives is no minor accomplishment and Rivera Sun does so gracefully, convincingly, and admirably: --Casey Dorman, Editor-in-Chief, Lost Coast Review I highly recommend Rivera Suns Billionaire Buddha. It takes us through the story of a rich mans redemption of soul. I cannot find adequate words to describe the beauty of this story, nor will I attempt to, as the book stands on its own merits, and not any endorsement that any other writer can give. --Michael Veloff, poet People, if you havent gotten your copy of Billionaire

Buddha yet, you are letting a rare opportunity slip through your fingers, Its that good. --Burt Kempner, screenwriter, producer and author of childrens books Includes Afterwords by Chuck Collins, Dariel Garner, and Rivera Sun
