

Black and Blue (A Kira Brightwell Thriller, Book 2)

People think it pays to have friends in high places. Kira would rather fly under the radar, especially when those connections come with a certain Trevor Wright attached. But four months have passed since the Procurer last slipped away without a trace, and a phone call from Trevors father with the promise of a potential case could be just the distraction Kira needs--provided she can live to solve it. This 63,000 word fast-paced thriller novel is Book 2 in the Kira Brightwell Series, and the sequel to Split Decision.
