

Cult Sacrifice (Lovecraftian Erotica)

When Lucien is lured into a mans home with the promise of food, he thinks hell be paying with his body. Little does he know that the man is one of the last worshipers of a dark god. Lucien is the latest offering, and it doesnt want his life- it wants much, much more. Warning: this 6600 word erotic short story contains corruption, mind control, tentacles, violence, eldritch creatures and more!This story can also be purchased as part of the Eldritch Erotica Bundle.An excerpt for adults only!The things hands run down Luciens body. Luciens breath hitches as its soft fingers move over his belly, his thighs, his soft cock. The thing is wrong, his every sense screams, its unnatural. Nothing about it moves as it should, and nothing about it belongs in reality.The things body moves in that same liquid shudder again. The altar quakes under them. The tentacle around his waist twists and rearranges, and Lucien shouts as the tentacle pushes him down on his hands and knees and holds him there.All around him the altar comes to life in a seething mass of stone tentacles and dark-carved eyes that roll madly in their sockets, obscene. Lucien screams and its cut short as tentacles wrap around his wrists, his throat, his thighs, as hard and unyielding as any stone. He shuts his eyes.Something soft touches the top of his head. Lucien shivers. Every one of his nerves is blazing with adrenaline, with terror, and the things hand moves down to stroke the length of Luciens spine. Another hand touches his belly. It travels down low to skim over Luciens cock. The thing moves lightly, unhurriedly, as if its merely exercising its curiosity.
