

## Bombshell Bohemia: poetry from the underground

Rich with images that should feel obscure, but somehow don't. Instead, they feel like the unraveling of a debutante; a beautiful girl with too many secrets tearing a beautiful dress to shreds. -Jeremy Radin, Writebloody Author and host of Lightbulbmouth Radio Hour With Bombshell Bohemia: Poetry from the Underground, actress and poet Taylor Roberts takes a gothic leap into the emotional underworld of a modern muse. From the gritty underbelly of the lower east side of Manhattan to the woodsy imagery of California, this short collection of poems juxtaposes beauty and grief, love and loss, the bombshell and bohemia.
