

## Eagle Rock: Growing Up Rich In Idaho: Coming of age as a non-Mormon in a Mormon world.

A series of coming of age stories as told by a seventeen year old boy born in the 1930s into one of Idaho Falls, Idahos leading families. In grade school he quickly learns the disadvantages of his advantages. Mediating religious disputes between his Mormon and Catholic classmates leads him to question his and all religious beliefs. Cross-country family vacations, a fancy Prep school, summers spent on the family yacht, winter sports and back-country hikes broaden his world view and helps him learn how to survive high school as an outsider. A story of growth from a wide-eyed child to a more self-aware young man told with wry humor and wit.
