

Conflict (Spanish Edition)

La historia comienza en el atardecer del caluroso 3 de febrero de 1852, en el que se libra la batalla de Caseros. Es cuando uno de los personajes más poderosos y controversiales de la Argentina se derrumba e inicia su exilio definitivo. Una larga y tortuosa travesía hacia Inglaterra con sus más cercanos colaboradores y su núcleo familiar más estrecho que permitirá reparar en los detalles cruciales que hicieron de este personaje lo que fue, y lo que hizo, y descubrir los precipicios de las almas que encaran este viaje hacia la disolución.
