

Dangerous Fishing

Fourteen-year-old John Mitchell didn't choose to be the victim of abuse from the meanest teen at school. Though he tries to avoid MacDonald Walsmith (aka the Mac Truck), John is cornered into doing Mac's homework and threatened with physical abuse. After a severe beating from Mac and his cronies, John's loyal friends, Odd, Mickey, Gas, and Zombie, band together and come up with a plan to put an end to the violence. But John soon realizes that Mac's problem with him runs deeper than he ever could've imagined. Though John and his father, Henry, always enjoyed their seasonal fishing trips to the high country of Colorado, where they would often talk about life and its complexities, John chooses to hide his problems with Mac from his father. Ensnared in a dilemma that prevents him from openly seeking advice from his father, his world is perched on the verge of destruction. But when the tables are turned in his favor and John holds the upper hand against Mac, will he make an easy decision that could solve his problems forever? Or will he choose the longer, more hazardous road? Find out in J. Arvid Ellison's compelling coming-of-age story, *Dangerous Fishing*.
