

Hong Kong, Let Candice Go!

What gave me the idea for Hong Kong, Let Candice Go! was that old urban myth about all those sexy young French girls who used to disappear in fitting rooms all over Paris. And wake up in some Arab sheiks tent, tied to the tent poles. Another inspiration was an even older, far better known urban myththe epic clash of clashes between Moses and Egypts ruling pharaoh. All those plagues, sent to get Pharaohs attentionSo, yes, Hong Kong, Let Candice Go! is about a fourteen year-old American girl on a holiday trip to Hong Kong. She disappears in a large department store and the Hong Kong cops advise that sexy little Candice Rice has been kidnapped and sold into sex slavery. And she will likely never, ever be found again. That is, until Emmeline Rice gets ahold of Yazov/Crystal/Hardacre who, as Miami Slim, takes a typically blunt approach to a seemingly impossible task.Heres the Problem: Candice Rice has been kidnapped and is held by one of Hong Kongs most vicious criminal gangs.Solution: Miami will plague ALL Hong Kongs vicious criminal gangs until they have ALL had enoughand force the particular vicious triad that holds Candice to return Candice back to her loving parents.Blunt, simple. No clues to follow, no deductions to make. No Hercule Poirot, no Sherlock Holmes, no Frank Columbo. Just plain old brute force, masterfully applied.The title derives from Moses great biblical warning to pharaoh, Let my people go!Or elsebig trouble!And God, as we recall, made life very hard on the Egyptians until Moses got what he wanted.Readers in their thousandswho know Yazov/Hardacre/Crystal well enoughalso know very well how very, very hard it will go with Hong Kong. Until they Let Candice Go!Some testimonialsIvan Yazov did all this? (General Zerov, shaking his head, surveying the bombed out Bulgarian secret service headquarters in Sofia, after the massacre of his agents

insideFireplay.)You are the worlds greatest artist An artist. Not a killer (Mike Tarrant trying to recruit Crystal for a high level assassinationBloodbath.)I never seen anyone ever git more even than you did with Mister Dibella. You sure overeved with Dibella. (Sheriff Haskins, shortly before his own head was blown offShotgun.)KillingsIts like a battlefield here. (Victor OrsiniCrystal.)ExplosiveUltra tough. (The Yorkshire Post.)Hong Kong, Let Candice Go! was published in German in 1989 by Ullstein under the title Verschollenen in Hongkong (Lost in Hong Kong). Only Germans were tough enough to buy the book. It was never published in English.By Hong Kongs time the state of drift I had been in with my English language publishers had shortened from drift to rift.Other publishers made promises, but wanted changes to make the book more politically correct. One disliked the idea of gooks being used to describe an incident in the war in Vietnam, another hated that one of the major villains was a gay Chinese torturer.My publishers and I could not agree.So, Thank you Charles Darwinof Survival of the Fittest famethat the day of the High & Mighty Publisher is over. Publishing has evolved beyond High &Mighty publishing.In the bad old days you really had to suck around and toe the line.And if you couldnt do that, then you were out of luck.Thank Amazon/Kindle that I dont have to do that any longer.The Internet has broken the power of the traditional High & Mighty Publishers... By now too, five novels later, Yazov/Hardacre/Crystal, in the form of Miami Slim, is fully realized as a character. Ultra tough, laconic, Americanized (American English perfected), totally efficient, totally lethal though still living alone in a meaningless, hostile and indifferent world. Taking it day by day, continuing what he does best: surviving. And eliminating whoever and whatever gets in the way of that survival. Promise...
