

The Doctrine

When Dr. Richard Millers wife, Angie, a noted marine biologist, vanishes at sea, Dr. Miller embarks on a mission to discover her whereabouts. Hes amazed to find that she may have inadvertently become entangled in the most important event in the history of our planet. Although situations are developing that are much larger than the disappearance of a team of scientists, Dr. Miller remains focused on the discovery and possible rescue of his wife. Government secrets, hidden agendas and military interference stand in his way in this thriller that will make you question what you always thought you knew about who we are and where we stand in the universe.
