

## Down on the Dairy Farm: Cream for the Cowboys Bundle - A Hucow Saga

This three story bundle chronicles the transformation of Amber, from a sweet, young and innocent nineteen year old, to a depraved, buxom, and totally submissive hucow. When the cowboys picked her up on the side of the road, she was only looking for a ride, but they had other plans. Back at their dairy farm, they train her up to be the perfect hucow. Locked in chastity and milked several times a day, she quickly learns her place on the ranch. Welcome to the Double D Ranch When Ambers car breaks down, she is forced to take a ride from two sexy cowboys. Flat broke, she eagerly accepts their invitation to spend a night at their ranch, but things take an unexpected turn when she wakes up to find her chest has grown to humongous proportions overnight. She can barely tolerate the pain from her swollen and engorged breasts, but the cowboys are more than glad to help take some of the pressure off. Amber isnt sure how she feels about what the cowboys have done to her, but she cant deny her attraction to the strong and virile men. Will she leave for greener pastures, or will the young and fertile woman stay on at the dairy farm as their newest milkmaid? Punished by the Ranch Hand Amber adjusts to her new life as a hucow at the Double D ranch, with a little help from the sexy and dominant cowboys. Forced to play as their pet, they enjoy her creamy goodness several times a day. But one slight misstep is all it takes to turn her world upside down. In a fit of rage, the ranch owner sends her to live in the barn as punishment. Bound and helpless, Amber is completely at the mercy of the rough and sadistic ranch hand. Can she find solace in her new life, which includes being drained by a huge, vibrating milking-machine daily, and being forced to wear a chastity belt? Will she ever redeem herself in the eyes of the cattle tycoon and be allowed back into the ranch house? Sold at the Auction As Amber conforms to

life in the punishment barn, she grows ever closer to a certain ranch hand. His particular brand of harsh discipline excites and scares her in equal measure. Under his capable hands, he shapes and molds her into the perfect huCow. When the ranch owner suspects the two are growing a bit too fond of each other, he decides to send Amber to the auction house, where she will be sold like cattle to the highest bidder. Can Amber find a way to win back the ranch owner's good graces, and stay on at the Double D, or will she be forced to submit to one of the wealthy billionaires on the market for a new pet?
