... the best entertainment I've had in ages... f\*\*king magnificent... sublime! -- BDSM Reviews Martian Migraine Press is proud to present RED MONOLITH FRENZY, the first book in the BLACKSTONE Erotica series by Justine G... A young anthropology student is drawn into a mad vortex of lust, prophecy, orgiastic cults, and the dangerous practice of sexual sorcery. What will it take to finally seduce the Professor? How many inbred freaks can fit into a dimensional gate and how slippery do they have to be? What dark secrets are kept in the shadow of the Black Stone? Loosely based on a classic weird tale by Robert E Howard, RED MONOLITH FRENZY is a full 13,000 word novella of transgressive, bizarre sexuality, night-black humour, and cosmic horror! Open yourself to the perverted supernatural world of Justine G! Praise for Book One of BLACKSTONE: RED MONOLITH FRENZY ... damned near the perfect Lovecraftian erotica. Fast-moving, darkly funny, twisted, sexy, and insane, all in the right proportions. Justine G weaves creepy and raunchy into an altogether new kind of tapestry...
