

Eves Thieves

A group of women have been the victims of some unusual thefts. They have had, not items, but aspects of their physical being, such as their heights, builds and youth stolen via dark magic. To stop the thieves and restore themselves, they band together to defeat the loose confederation known as Eves Thieves. To do it, they must battle an ancient evil, deal with betrayal and face the darkness within themselves. But they soon find that little is as it seems. Can they trust anyone -- even each other? Who is the leader of the group known as Eves Thieves? What will it take to stop her and will any of them survive to do it?
