

Evil Woman

What would make a woman change her name to Jezebel? How about an evil, perverted, sadistic nature? How about a woman who enjoys luring other women in her web of degenerate kinky sex? That's Jezebel, the Evil Woman. Blessed with a strange power over other women, this hardcore lesbian enjoys making them into her pets, submissive and totally devoted to her even when she is inflicting pain on their naked bodies. An expert with the ropes and riding crops and whips, and blessed with a killer body and an angels face, Jezebel prowls Hollywood, seeking fresh victims. Only, in Stella, an actress of note with a centerfolds body and wonderfully innocent face, does Jezebel meet her match. For the first time, there is a woman who seems impervious to Jezebels powers. It is only natural that her conquest would become Jezebels prime goal. She vows to have this beauty helpless at her feet, no matter what it takes
