

# Fade

Perhaps the best way to describe just how much this book caught my imagination is to reveal that even almost a year after reading it, there are still scenes that I remember vividly, quotations that I can recall and to confess that I will never think of doughnuts with sprinkles in the same way again. Brilliantly written love story captures your thoughts and emotions throughout the whole reading and long after it. The lucid and detailed narration provides multi layered complexity of each characters personality, startling revelations, creative turns of the plot. Dramatic and touching, the author does a brilliant job of capturing the readers attention and reeling them into the depths of his story telling.

109800 What if you find the woman of your dreams and are then diagnosed with degenerating blindness? What if this could mean that you may never see your unborn babys face? In this entertaining and engaging love story, *The Fade* follows the life of Patrick Bryce. A sales trader by profession and working on the West Coast Patrick finds himself forced East after a buyout that leaves him in New York City alone, single and suffering from numerous lifestyle founded neuroses. It is then that he meets Olivia, a brash and overconfident local and her bitter cat, Tinsel. Their touching and unique love affair runs before learning to walk and soon they are cohabiting and pregnant, an unplanned yet welcome event for both before Patrick is diagnosed as a having a variant of Stargardts Disease, a strain that causes

complete blindness leading him to embark on a journey of rediscovery. FIC027010
