

Real Endings (Alicia Adventure Short Story Series Book 8)

Alicia has spent so much of her time focused on keeping Travis safe from the rest of the world. After witnessing the fights with so many young conjurers used as nothing more than entertainment, she realized it was not only Travis that needed safety. She decides that it is time to make the world safe for Travis, rather than hiding Travis and the other young conjurers from the world. She hatches a plan to create a safe haven for the conjurers, and non-conjurers of the world. A place where they could be educated, inspired, and accepted for who they were. Alicia and Rochelle work together to create plans, although it is still difficult for her and Matthew to see eye to eye. Nicolas and Travis butt heads as Nicolas insists that the only way to protect any of them is by being the one with the most power, as if in some way, the most powerful conjurer is the only safe conjurer. In order to rescue and protect all of the young conjurers Alicia knows that they will need to stop the fights once and for all, which meant stepping into the ring one last time. Travis is their key back into the fights as he has built a reputation for himself that allows him VIP access to where ever the fights are held. When the entire fight breaks down into chaos, with conjurers fighting conjurers, and a huge crowd of people struggling to flee, Alicia wonders if she has made a huge mistake. In the end the influence of Raf, one of the most famed conjurers ever to fight inside the ring, makes the difference between certain devastation and victory. Alicia then acquires a new obsession, how to make the school as safe as possible. While she frets over the security of the students, one truth rises to the surface. As long as men like Elias Arthur fear the unknown, the world will never be safe for anyone who is different. Travis takes it upon himself to embark on his own journey into the past to set right what once had gone so terribly wrong. A man who is imprisoned for as

long as Elias was, eventually taps into his own supernatural abilities, while Travis is determined to make sure that Elias influence will not continue to extend into everyones future. Except he does not realize the level of danger he is putting himself in, until it is far too late. Will Alicia be able to protect the young conjurers? Will she be able to protect her own little brother as she had always tried so hard to? In the end, will Nicolas be proven right, that power is the only way to ensure true safety? In this the final chapter of Alicias amazing journey through her own abilities and emotions, she will face some of the hardest choices. Once she had been a cheerleader, with nothing more to be concerned about than getting through first period history class. Now she was the last hope for a world that was fighting a war that it was not even aware was occurring. Will she be strong enough, for this her final ultimate task?
