

## The Four Freaks: A World War Three Novel (Code Name Alligator Series Book 4)

Come join Alex Richington during WW3 in his quest for revenge against the Soviets and their allies after a vicious attack on the West and the murder of his entire family. As the war drags on, Alex gains and loses many comrades and tries to soldier on. On the way, he does battle with many great evils, such as the Skull and Panzerfaust, and ends up confronting a doppelganger Soviet assassin. In the end, he'll need all his skills to sabotage the Grom missile to ensure the Soviets will not be able to remove mutually-assured destruction from the table. Or maybe despite his efforts, he'll end up causing WW3 to escalate into a full-fledged nuclear war. This story also features the points of view of a number of common soldiers finding themselves fighting the great historical battles of WW3, facing great triumphs and greater tragedies in the process. Book 4 in the Code Name Alligator Series. Warning: This book contains violent scenes that may be disturbing to some readers.
