

Crossriver: A Fifth-Dimensional Feast

WHEN STRAD DROPPED INTO GABELS CAFE FOR A BITE TO EAT, HE DID NOT EXPECT TO GET THE WHOLE PLANET DUMPED ON HIS PLATE. Strad Crossriver has been out of step for as long as he can remember. Now, five years out of college, his reporter girlfriend, Nina, tells him its time to step-up or step out. Instead, Strad steps into a rabbits hole of an eatery that brings him to a faraway yet familiar place, and paranormal cooking lessons which show him that the heavy loads hes always had on his shoulders arent weights, but wings, and that life is anything but what it seems. Hes just getting cozy with an ethereal new friend when Nina barges in, bearing more baggage than either of them realize. Strad makes a choice that veers wildly off course, sending them crashing into destiniesboth theirs and the worlds. CROSSRIVER Not a love storybut it is. Not lightweightbut light. Not a book to change your lifebut it willand may even improve your cooking.
