

Forever and a Day

Charles Crowe is an unhappily married billionaire architect when he sees Sarah Evans walk into the same restaurant where he is eating lunch. Mesmerized by her grace and beauty, Charles frequents the restaurant often, quietly observing the young attorney and falling in love with her more and more by the day. But there is only one problem: Charles is still married and Sarah has no idea who he is. A new door to his destiny finally opens when Charles catches his wife in bed with his lawyer. While seeking expert legal advice, he ends up at the same office where Sarah works. At last, he meets the woman who has already unknowingly captured his heart. Sarah also cannot deny the strong attraction she feels for Charles. Once his divorce is final, Charles finally puts a plan into action that he hopes will lead him to love, passion, and the relationship he has always desired with Sarah. Now only time will tell if they can overcome obstacles to unite their hearts and create a beautiful future together. In this contemporary romance, a young attorney and a wealthy architect brought together by fate and circumstance embark down a new path together where hopefully happiness and true love await.
