

How to Succeed at Personal Planning and Goal Setting Workbook

Comprehensive! Bold! Refreshingly new thinking! Jim covers the depth, breadth, and length of the personal planning and goal-setting landscape. With Jims Goal Mining processes, you will be able to discover, distill, and prioritize your goals. You will no longer be bound by 20th Century Time Management regimens. Jims Activity Management System frees you up to think about the things that you dream of doing, love doing, and like doing as it shows you how to have time for all you want and need to do - without the stress of Managing Time. And, you will be introduced to GoalSpeak to increase your Goal-Setting fluency. And there are bonuses, too, e.g. *How to Information on a powerful job search method; *How to information on packaging and marketing yourself in a new way; *How to information on converting debt to assets
