

Pocho: A Mexican Cartel Thriller (Border Zone Drug Ballad Book 2)

The drug cartels working in the Mexican-American border area are at war. Thousands of people have been murdered, and more are dying every day. Cartel bosses are desperate for any information that will give them an edge on the competition. Knowledge means power, and certain people are willing to kill to get it. After a lifetime of poverty and violence, Umberto Rodriguez has finally escaped into the North. But during his crossing he learned a secret, and the cartels want to know what it is. If he tells them what he knows, hell put an honorable man at risk. If he doesnt tell them, hell lose more than just his chance at freedom. Hell lose his life. This 40-page story is part of the Border Zone Drug Ballad series. Although it references events that took place in other stories, it can be read on its own as a standalone title.
