

## Sissy Shorts: A Quickie Compilation

These men have been feminized, humiliated and emasculated and totally dominated by a woman who knows how to treat a sissy. When a sissy is caught red-handed, what they really need is to be exposed as the ladyboys that they are. Not just exposed but these men are about to be put in panties, bent over and spanked. The luckiest sissies are about to watch as the woman in their life strap up, lube up and ride them like the girls theyve always wanted to be. These short stories are intended for mature audiences and contain sissy themes, feminization, pegging and punishments. This compilation includes four stories.
