

Gay Romantica: A Gift Set of Gay Romance & Erotica

This offering of five gay stories covers a wide range of niches and settings. From the rough and tumble paranormal where shape shifters rule the day, to a shoe store where most anything can and does happen, or to the outback of Australia where a couple struggles with their growing love, prejudice and homophobic trouble makers seem to crawl out of an otherwise varnished woodwork. But despite the obstacles or attitudes of others, the stories serve to remind the reader that love can conquer all if only we insist upon not throwing in the towel. We hope you'll enjoy reading them as much as we enjoyed putting them together in this worthwhile gift set. 1.
