

Gideons Torch

A newly elected president must deal with a crisis that challenges his administrations agenda and changes the course of the nation. Full of insider information, this political thriller paints a believable picture of Washingtons corridors of power with an alarming ring of truth. Almost 40 years ago, Charles W. Colson was not thinking about reaching out to prison inmates or reforming the U.S. penal system. In fact, this aide to President Richard Nixon was incapable of humanitarian thought, according to the media of the mid-1970s. Colson was known as the White House hatchet man, a man feared by even the most powerful politicians during his four years of service to Nixon. When news of Colsons conversion to Christianity leaked to the press in 1973, The Boston Globe reported, If Mr. Colson can repent of his sins, there just has to be hope for everybody. Colson would agree. In 1974 Colson entered a plea of guilty to Watergate-related charges; although not implicated in the Watergate burglary, he voluntarily pleaded guilty to obstruction of justice in the Daniel Ellsberg Case. He entered Alabamas Maxwell Prison in 1974 as a new Christian and as the first member of the Nixon administration to be incarcerated for Watergate-related charges. He served seven months of a one- to three-year sentence. After leaving prison, Colson founded Prison Fellowship Ministries in 1976, which has since become the worlds largest outreach to prisoners, ex-prisoners and their families. Today, Colson remains a member of the board of Prison Fellowship Ministries. A sought-after speaker, Colson has written more than 30 books, which collectively have sold more than 5 million copies. His autobiographical book, Born Again, was one of the nations best-selling books of all genres in 1976. Another bestseller, co-authored by Nancy Pearcey, How Now Shall We Live, is considered one of the

most important books written on the subject of Christian worldview.
