

## Starvin Dog and the Guardians

The Dog is Trailing You But Someone Has Your Back. Harry Cunningham was often heard to say that Trouble followed him everywhere; like a starving dog, eager to lap up his misery. The metaphor was accurate; the slaving mutt shadowed him in many forms; death and betrayal, the most prominent. Despite Harry's abysmal luck, and suffering, he survives uncommon tragedies through many phases of his life in: Georgia; the Jungles of Colombia; on the Arabian Peninsula; Texas; Mexico; on the windswept prairies of Illinois. He searches for peace with the help of many: his adopted Hispanic family, and his beautiful Latina lover; a woman of German heritage possessing the joie de vivre that permeates everyone she touches; a cantankerous Jewish lawyer who experiences a sudden leap of intuitive understanding at her touch and her voice; a wily and benevolent entrepreneur who, despite his curmudgeon persona, possesses a heart of gold. They are all angels unaware, including Harry. However those most aware of their duties as guardians are beings of light, intermediaries between heaven and earth. Unbeknownst to Harry, these supernatural beings employ unorthodox tactics in an effort to protect him and guide him towards the higher life-form that he deserves.
