

Guilty Gucci (Urban Books)

The Red Bottom Bandits may be the worlds most fashion-forward gang of masked outlaws. Theyre the talk of D.C. for their daring robberies and fly gear. And their latest caper is penned by Ashley Antoinette (of Ashley & JaQuavis) at her sultry, streetwise best. When the innocent, naive Gucci recognizes ringleader Sunny Raegan during a holdup, thats her in with the Bandits. Knowing shes got a lot more beauty than brains, Gucci sees the gang as her meal ticket. More likely, theyll be her ticket to the morgue! The Bandits may be lawless, but they play by a few simple rules: Get in and get out. . .shoot first and ask questions later. . .never leave without the money. . .and innocent people dont get hurt. But its only a matter of time before all these rules get broken--and thats when Gucci gets caught! If theres one thing a girl needs, its a little help from her friends. But her friends have skipped town without giving her a second thought. And Sunny is distracted by her new baby and her violent ex-lover. So Guccis on her own. Shes on trial for her life, and she must decide whether to snitch on the girls--or take the fall all by herself. Whichever she chooses, it may be her death sentence.
