

H H6 Well...as youre here. (H Series of thrillers)

You will find the H series of thrillers different. The first is different, but the others will be like nothing you have ever read before..... H is the nickname for James James who we join as he starts on his road, building a business that will take him far away from his past.... H deals with all obstacles, including his enemies, with ruthless determination. The inventiveness with which he disposes of his rivals features largely and the brutality can at times be extreme. However H has a natural empathy for the weak and vulnerable which provides the motivation for much of his brutality and cruelty. This caring side of H endears him to Benshima, an equally intriguing personality The H books abound with an amazing cast of colourful, rounded but often deeply flawed characters; and throughout a strand of dark, ironic humour that keeps you involved until the very last page..... Or as one reader summed it up..... H - An everyday story of high life, murder, gambling, revenge, business and finance with a dash of sex, rape, buggery and thuggery thrown in
