

# Three Spaces: Poems about our private space, public space, and Cyberspace (Where the Butterflies Go Book 3)

From the author of Where the Butterflies Go & Carry On Dancing comes a brave new collection of poetry, prose and photography. Three Spaces explores themes within our public space, our personal space, and cyberspace. Heather Grace Stewart is one of my favorite poets, and her poetry collections only get better over time. Her latest, Three Spaces, is proof [...] Add it to your space. You won't be disappointed. ~Elisa Lorello, best-selling author of Faking It, Ordinary World, Why I Love Singlehood, Adulation

Heather Grace Stewart brings tenderness to the page addressing modern-day reality, gracefully and unconventionally, yet heart-felt. ~Michelle Casto, Author, The Destiny Discovery
