

The Drug Lab and The Real Monster Under The Bed (Insomnia Action Humor Series #3 and #4)

These two stories are 4700 words combined. If you are interested in reading all four Insomnia stories together you can find them in The Insomnia Collection. The previous two are available in Insomnia: 1 and 2. Insomnia 3: The Drug Lab Free drugs should be a good thing, right? Larry the Laser and Insomnia are in for the high of their life as Sick Finks and his skeletal assistant Bloody Needle pump them full of the most exotic chemicals in their collection. Insomnia is having the best time of his life, but could it kill him? If he wants to live hes going to have to escape, but tied to a table pumped full of drugs that is not going to happen. Can he escape this drug addicts paradise? Its a laugh riot as Insomnia does everything he can to get away from the best time of his life. Sample Content: The door was kicked in at exactly 3am. Insomnia shot up from his sleeping position on the couch and bolted for the window. A punch to the face stopped him in his tracks. What the [censored]? Where the [censored] are you taking me? It was Larry. The mafia had him too. The lights went on and Smokes stood over Insomnia. Heres the one that you are looking for, he said pointing to Insomnia. Three men came over to where Insomnia was lying on the floor. You, [censored], are causing us a lot of problems, the same small man who had kidnapped him from Biscuits apartment said. The two men to his side pulled him up. Well knock that thousand off your debt for you later, the man said to Smokes. Smokes smiled. He had betrayed Insomnia and now he was getting paid. [censored]! The men dragged Insomnia and Larry out the door. Insomnia had a sinking feeling that he was going to appear in another video very soon. Insomnia 4: The Real Monster Under The Bed Fat Eddy must die. Insomnias got one shot left at escaping the disco of death hes got himself into. One mafia boss and his men wont

know what hit them when Insomnia comes knocking. Its an intense fight to survive that will leave one man dead tonight, but even if he can kill Fat Eddy can insomnia take back his freedom? Its a high stakes fight to end all fights with drugs and humor aplenty. Like madness in a bottle. This is one book that wont be easy to put down. Sample Content: Insomnia sat in the car and fingered the large long barreled gun. It felt too large, almost outlandishly so, in his hand. Jenny had had to explain to him how to use it. This was his first time holding a real gun. Larry came running back across the road. There are a few guards, but the [censored] are pretty useless. Jenny nodded calmly from her position behind the wheel. She was all down to business now that they were sitting outside of Fat Eddy's big old mansion. Insomnia pulled out another Ecstasy tablet. Jenny had brought him some drugs from her dealer and he had been popping the collection of them to keep calm. Jenny watched him take another pill. I recommend you take a few of these as well. She tossed a container into the back seat. He picked it up. Viagra? Larry cocked an eyebrow. [censored]. I dont mean that [censored], Jenny said sternly to Larry, He [censored] goes nuts on this crap. It makes him hyper aggressive. Insomnia took out a pill. That sounded like exactly what he needed right now. (Please click See all Editorial Reviews below for more details.)
