

Kidnap the House

Les Blondell is a Washington DC political consultant whose life gets turned upside down when he meets a British woman on a visit to a client. Weeks later, a friend of Veronicas who is a Mideast Prince hires Les to improve the image of Arabs in America. On a visit to DC, Prince Fayied and his team take control of major Party Headquarters trapping 38 Members of Congress inside. With Congress and the White House in different hands and Election Day barely 3 months away, politicians jockey for spin control as they weigh the fate of their colleagues.
