

## Iced Out: An Abby & Henry Caper

Henry Clark has been trying to go straight for ten years. He figures that ought to count for something. When a light-brained friend lucks into an easy score and tries to drag Henry back into his old life, nothing could tempt Henry less. Well, nothing except a wanna-be mafioso with a few well-placed threats, a busted slate roof, an empty savings account, and a militant homeowners association president with a vicious attack terrier. And then, theres a girl. Isnt there always a girl? But this one only looked innocent on the outside. Going straight has never been so complicated.
