

Death My Own Way (LeapLit)

Praise for Michael S. A. Graziano: Darkly inventive. . . . Graziano's grim allegory interrogates human existence with its visceral, sensuous description. Publishers Weekly: Not a word is wasted in this masterpiece . . . the finest in American literature. Geekscribe: A uniquely human story that proves humorous as well as thoughtful. Solid and very highly recommended. Midwest Book Review: A relatively short book, but its heart is huge. Largehearted Boy: A man dying of cancer wanders naked into Central Park and embarks on a twisted, fetishistic, hilarious journey toward a deeper understanding of life. A story of vulnerability, brashness, and the universal need to find some comfort and philosophy before the journey ends.
