HOW YOU CAN HELP SUPPORT LEARNING
Work with your child in a quiet, calm setting. Complete some activities together. Limit each session to just a few activities to avoid overwhelming your child. Help your child feel successful by giving plenty of encouragement and praise for his or her progress. Invite your child to read with you every day, and read

your child's favorite book over and over again. When reading a book, point word by word at the text as you read. This will help your child practice reading more fluidly from left to right and understand the word that he or she sees is the word he or she says.
