The Veil series. This omnibus edition brings together *Seen And Not Seen*, *A Child Of Our Time* and *The Veil*. A triple shot of hard science fiction, each a thought provoking quick read, and close to 400 pages of techno thriller in all. *The Veil* is, and are, many things, sometimes acting in our best interests, sometimes not. But now the age of innocence is over and the time of the Veil upon us. Set over three stories the Veil peer into the very soul of Mankind to discover what it is to be human, judging for themselves the path our species has taken, where it may lead, and the fate that awaits.

SEEN AND NOT SEEN In order to begin, what went before must end. Through earning its trust the psychologist forms a deep bond with the shy and secretive machine, a bond that not only reveals the machines true nature, but threatens the Generals plans to gain control

of it. A Child Of Our Time is a technological thriller, a story of Man and Machine, each forced to confront the others predicament, each faced with the hardest of choices.
