

The House Of Essex (Books 1-3)

This edition contains books one through three of The House Of Essex series. Based on a true story. A unique tale of love and redemption . . . with a healthy dose of dominance and submission. An unconventional call girl puts her life on the line to satisfy the needs of her demanding client. What does he really want? Will he take everything from her or give her more than she ever bargained for? Don't think . . . just feel, he commands. Elle Essex isn't the type to give up control easily. She's been disappointed too often in her life . . . sometimes painfully so. To expose herself emotionally is almost beyond her comprehension. Nonetheless, she's compelled by a desire she can't explain . . . and she can't turn away, regardless of the potential cost. This work contains graphic language and depictions of extreme sexual situations. It is intended for mature audiences only and is not suitable for persons under eighteen years of age.
