

## My Fathers Ghost Is Climbing in the Rain

A young writer, living abroad, returns home to his native Argentina to say goodbye to his dying father. In his parents house, he finds a cache of documents, articles, maps, photographs and unwittingly begins to unearth his fathers obsession with the disappearance of a local man. Suddenly he comes face to face with the ghosts of Argentinas dark political past and long-forgotten memories of his familys resistance against an oppressive military regime. Told through the fragments of the narrators investigation as he pieces together not only a portrait of his father but also the legacy of an entire generation *My Fathers Ghost Is Climbing in the Rain* is a completely original story of family and remembrance: an audacious accomplishment by an acclaimed new voice.
