

# THE CONCRETE CANOE (Escaping Dystopia Trilogy Book 1)

Joi Toievsky never saw what bit her. The nano-computer chip buried in her neck left her at the mercy of Super Computer MEG and its evil programmer. With help from her partner Dick Blick, Joi must escape MEGs henchmen, the murderous Homeland Guardians. Joi and Blicks dangerous journey takes them deep into the untamed Mexican hinterlands to find the Clitoral Oracle. In a final battle to save humanity from MEGs spawn, the Homeland Guardians and the one-percent, Joi assumes the title of Joi de Man and leads the Army Of The Left Behind.
