

Hidden Darkness Hard-Core Edition: The Outcast + Reaperform

Read the first two novels of the Hidden Darkness series, converted into one story in this special edition. Hidden Darkness: Outcast I am lost amidst sea of evil! Those are the words that have haunted Adam Reeds dreams for as long as he can remember. Now on the run, pursued by forces good, evil, mortal and immortal. He must come to terms with who and what he really is, and learn what it truly means to be The Outcast! However, his new found immortality only works when other immortals are around him, and he must run from those who would unwittingly kill him when he is not. Pursued not only in the real world, but in the dream world by the Soulcatcher named Trent. Adam must learn how to kill an enemy he never even knew existed, an enemy that only he can kill. He must discover the great power that lies within, a power that Trent would take and have for himself! Hidden Darkness: Reaperform After narrowly escaping the onslaught of both the Soulcatchers Trent and Drake, Theo takes Adam Reed to Master Frayor - a mysterious and legendary Guardian whose knowledge and experience are second to none. Still overwhelmed by his incredible powers and strength, Adam must finally learn to face his destiny. His immortality is still not what it should be though, and there are demons both inside and out that must be faced to finally solve this problem. With enemies mortal and immortal pursuing him, one thing is certain, a final and inevitable duel with Trent approaches, one which shall decide both their fates once and for all. Shall the Outcast rise, or shall he fall?
