

Light Reading: A collection of Novellas

Light Reading: A Collection of Novellas is a collection of Sydney Canyon's novellas, including: *Shadows Eyes* Tyler is the owner of a large ranch that breeds and sells different types of horses. She isn't exactly thrilled when a movie producer shows up wanting to film his latest movie on her property. Reagan is an actress who has everything going for her. She lands the lead role in a film that promises to be an award winner, but there is one small problem that could blow the entire picture. *Fine* Collin hides behind a facade, pretending everything is fine. Her workaholic wife and best friend are both oblivious to what is really going on with her. The only person who knows the truth is Collins' doctor. The same doctor, who is an acquaintance that she's always been attracted to, and who has a partner of her own. *One Night While* on a business trip, Caylen spends an amazing night with a beautiful stripper. Months later, she is shocked and confused when that same woman re-enters her life. The fact that this stranger could destroy her career doesn't bother her. She is more terrified of the feelings this woman stirs in her. Could she have fallen in love in one night and not even known it? *Igniting Temptation* Mackenzie is the Head of Pediatrics at the local hospital. She works long hours to avoid dealing with her controlling and underappreciative girlfriend. Her life takes a rather unexpected turn when she meets a flirtatious, beautiful firefighter.
