

Ladyfish

Can love blossom beneath the waves of the Florida Keys? Or will the shadows that haunt two strangers prove too much to survive? Scuba diving instructor Olivia Zuckerman loves guiding tourists under the water almost as much as she loves guiding women to her bed. Coerced into picking up a new trainee from the airport, Oz has no idea that her life is about to change in every imaginable way. Daniela Finnsbury-Sterling, Finn to her friends, is trying to break away from an overbearing father, a man intent on making her life fit his plans. Desperate to make her own way, she escapes to Florida to train as a diving instructor. She knows it won't be easy. She knows her father will do anything he can to force her back into line. Unfortunately, she has no idea exactly what anything will be!
